

Organization: Manna Outreach

Category: Shelter & Transitional Housing

Type: Shelter

Description Religious based shelter. Manna Outreach is a Christian non-profit organization 501(c)(3). Our goals include providing shelter, clothes, food, and assistance to people in or passing through Lea County who are truly in need of such help due to circumstances beyond their control and have fallen through the cracks of government assistance. We also minister this assistance to those who are homeless and/or hungry due to their lifestyle choices with the addition of mentoring them toward independence through work opportunities and resource stewardship training. Thereby we do not create dependent or co-dependent relationships with our agency, but work to break the bonds of entrapment in people's lives through the ministry principles of love and Jesus Christ.
