

Organization: Joy Junction

Category: Shelter & Transitional Housing

Type: Shelter

Description Day Shelters Program: Whether the weather is cold or hot, it can be dangerous or even deadly for the homeless. With that in mind, Joy Junction launched a new program on Tuesday Dec. 20 2016. Those who wish will be able to call Joy Junction seven days a week at 800-924-0569 between 8 a.m. and 8.30 a.m. from Downtown Albuquerque, and request a pickup at about 8.45 a.m. to spend the day at Joy Junction. The shelter is also looking for at least one permanent pickup spot in the Downtown area if one becomes available. Individuals who wish to use the day shelter program will be offered both lunch and dinner, as well as access to Joy Junctions case management and chaplaincy services. After dinner, they will be offered a ride at about 6 p.m. back to Downtown if not wishing to spend the night, or if needing shelter they will be first in line for a guaranteed place to stay that night.
